

25 JANUARY 2006

### THANKS FOR THE TREADMILL

The Hunterdon County Youth Facility sent a card thanking us for our Holiday gift of a treadmill.

### THANKS FROM CENTRAL NJ COUNCIL BSA

...for our contribution to the dinner they held honoring Craig Proctor. Thanks to Craig for his major contribution to this wonderful organization.

### THANKS FOR THE FOOD PANTRY DONATIONS

The club has given \$2,200 this year to the Food Pantry. Total donations since 2002 are about \$5000.

### CONNOR IS THRIVING! CHRISTINA IS WALKING!

At six pounds, seven ounces, Connor is getting to be a big guy. With assistance, Christina is using a treadmill, stair stepper and stationary bike. She has a long road ahead, but is progressing very well.

### FINANCIAL REPORT

Catherine reported on the last three months' financial statements. We currently have over \$43,000 in our 3 bank accounts. While Bob Bowden is busy with his family, Bob Chittenden is managing the club's books.

### ARE HAPPY DOLLARS DOWN?

That depends on how you look at it, but we can all help boost the treasury. Tell us your news!

### JEAN HARRIS AWARD

We can nominate one male or female non-Rotarian for this district award. Qualifications include voluntary "service above self" with measurable results and ongoing activities. Please give your suggestions to Catherine.

### GSE TEAM HOUSING NEEDED

Group Study Exchange (GSE) is a four-week program where a Rotarian and four young professionals go to another country. Our district will host a team from Australia this year. They will be staying in the Flemington area from about May 6 to May 13. Host homes are needed. Hosts provide breakfast and dinner, and transport them to and from their daily meeting places.

### LET THE CHROME WHEELS ROLL!

Planning for Ride for Rotary begins January 25! The team is considering a motorcycle raffle. Commitment from the club to sell tickets individually or through local businesses is needed.

### TERRY CAN PARK AGAIN

Harry Mazujian contributed a happy dollar for Terry Ownes, since the Mazujian kids all made it back to college and the Navy without running into Terry's car. Best wishes to these great kids for a great year!

### UPCOMING PROGRAMS

- Feb 1 – open
- Feb 8 – Don Freiday, NJ Audubon Society
- Feb 15 – Big Brothers Big Sisters
- Feb 22 – Club Assembly
- Mar 1 – open
- Mar 8 – Hunterdon Medication Access Partnership

### IMPORTANT DATES

- Feb 3 – First Friday Fellowship
- Apr 24 – 11th Annual Golf Outing

- 1st Wednesdays – Food Pantry Collections
- 3rd Tuesdays – Board Meetings

### WELCOME TO KEN PHILLIPS!

Terry Ownes and Ruth Green O'Brien introduced new member Ken Phillips. He is a financial planner with Northeast Financial Planning and the first new member inducted in 2006. Ken and his wife Jennifer have two children, Madison (born in September) and Jake (three years old). Please greet Ken at the "button box."

### NEW MEMBER PROPOSED

Lisa Reed has been proposed for membership. She is a retired investigator with the county prosecutor's office, who is opening her own business in Flemington.

### POLYTECH IS TRULY POLYFACETED

Jennifer Calvelli gave an excellent presentation on the many programs offered by Polytech — in spite of Rich Van Gulik's runaway slide show.

Since statistically today's kids will change jobs about seven times in their lifetime, "What do you want to be when you grow up?" is taking on a totally new meaning.

Polytech gives young people an opportunity to try out a field they think is interesting to see if they really do like it. The stereotype is that vo-tech students don't have the skills and ability to go college, but this is far from the truth. Many of the Polytech students have figured out "what they want to do" when they enter the work force and about 70 percent of them do go on to college.

According to Jennifer, most college grads end up returning to school to learn marketable skills! And this trend is increasing.

Some Polytech programs, like the Teachers' Academy, give students actual work experience at a much earlier ages than they would have in similar college programs.

And because Polytech stays current with technology, students who go on to major in computer science in college may find that their Polytech background is actually as good or better in ways than their college courses.

Polytech has matriculation agreements with many area colleges which allow students to earn college credits while still in high school. This gives families a real financial break since Polytech credits are tuition free.

Currently, the top three fields in terms of unfilled jobs are computer technology, cosmetology and plumbing. Education and nursing are in the top ten.

Adults come to Polytech to train for new careers, taking advantage of the apprenticeship and certification programs. Many others take courses simply to gain new skills. Polytech also has classes for people who want to learn "do-it-yourself" skills for basic home repairs.
