Incoming GSE Team Visit (April 16<sup>th</sup> to April 24<sup>th</sup>): Gwen Williams has shared the final itinerary (below) for the incoming GSE Team (Group Study Exchange). The Group Study Exchange (GSE) program of The Rotary Foundation of Rotary International is a unique cultural and vocational exchange opportunity for young business and professional men and women between the ages of 25 and 40 in the initial years of their professional life. The program provides travel grants for teams of participants to exchange visits between paired areas in different countries. For four to six weeks, team members study the host country's institutions and ways of life, observe their own vocations as practiced abroad, develop personal and professional relationships, and exchange ideas. Team members can come from corporations, small businesses, community organizations, medical and educational facilities, government offices, and nonprofit agencies.

On April 16<sup>th</sup>, the incoming GSE Team will flying in from Lebanon and Cyprus. After landing, they will stay overnight in a hotel and have their orientation. They will be visiting and staying in Hunterdon County from April 17<sup>th</sup> through April 24<sup>th</sup>. #### **Effective host families will:**

Welcome the team member. If possible, one or more family members should be among the welcoming delegation that meets the GSE team upon arrival in the host district. Families should introduce themselves to the team member(s) assigned to them and assure that they are looking forward to the visit.

Share their home and lifestyle. While the team member is living in local homes, the daily routine should be disrupted as little as possible. Host families are encouraged to share their culture as it exists in everyday life. This does not mean hosting elaborate parties and entertainment but allowing the guest to participate in daily family activities, religious pursuits, community involvement, etc.

Be aware of language factors. Preparation and communication are key to the success of any GSE. District governors are encouraged to appoint a team leader who is proficient in the language.

If families have difficulty communicating with their guest, they should speak very slowly and pronounce each word distinctly, separate individual words, and avoid using colloquialisms. On occasion, it may be nec-essary to seek help from someone fluent in the guest's native language — the GSE team leader, a teacher, or a translator assigned by the host district's GSE subcommittee to pro-vide this service, or perhaps a visitor from the guest's home country.

Provide for meals and laundry. Unless otherwise stated in the team's itinerary, team members are usually not with their host families for lunch. Before the team member arrives, determine if he or she adheres to any dietary restrictions.
