The program provides travel grants for teams of participants to exchange visits between paired areas in different countries. For four to six weeks, team members study the host country's institutions and ways of life, observe their own vocations as practiced abroad, develop personal and professional relationships, and exchange ideas. Team members can come from corporations, small businesses, community organizations, medical and educational facilities, government offices, and nonprofit agencies.

Enabling Garden Update: The following is an updated from Carl, who is a Master Gardener overseeing the Enabling Garden project:

Dear Experience Vegetable Gardening Team,

FANTASTIC JOB!

The cardboard that Ginny and Howard provided was spot on - no more and no less than needed.

The Thursday crew (Ginny, Dave, Joan, Debi, Chuck, Frank and I) got most of the rodent barrier installed and back filled, inventoried the tools, set up the hose and reel.

The Friday crew (Debi, Judy, Marjorie, Jean, Joan, John from labor assist and I) finished installing the rodent barrier, covered the garden in cardboard and moved a mountain of wood chips to cover the entire garden. The deer fence has been repaired and 4 raised bed frames have been built. Rebecca is thrilled with the results and helped puzzle through the placement of the raised bed frames in the garden. They are now in their approximate position - two running N-S and two running E-W on the east side of the garden.

Amazing job everybody, Thanks so much.

Our next steps are to put the raised bed frames in their final position, double dig (if possible) and top off with topsoil / composted horse manure (which has been delivered). Looks like that will get us in position for spring planting.

We have two demo gardens planned. First up is a spring garden of peas, onions, etc.. spearheaded by Chuck and Dave. The other beds will be planted in a spring cover crop which can be turned under before the Tomato demo garden that Joan and her team will be growing. Snyder Farm is starting the tomato plants for us.

Special thanks to Diana Bosch who was on the phone with Home Depot every day coordinating deliveries!

After a week end of rest, we can start planning our next day in the garden.

Have a great weekend everyone and again, thanks so much for your hard work.

Carl
