The 39th Annual

PANCAKE DAY & KIDS EXPO

WAS A SUCCESS!!!

Held on Sat, October 26, 2013

At the H.C.H.R.S. Commons

29 Junction Road - Flemington, NJ 08822

The 39th Annual Pancake Day was a **Success!!!** It was held on Saturday, October 26th in the Commons at H.C.R.H.S. The event ran from 7am to 1pm, along with Halloween High School from 10am-12noon and a Flu Shot Clinic from 9:15 to 11:30am.

A very special thanks to **Darren Loew** and the Committee for an excellent job! President Ira also wanted to personally thank all Rotarians and friends who helped to make this Pancake Day & Kids Expo a wonderful event!

Darren will be giving a more detailed update soon, but here is the basic follow-up:

800 Meals Served! Darren reported that we served about 800 meals, which included 88 take-out orders for Flemington Car & Truck Country (40 for Ford and 48 for Chrysler). For general reference, we served about 657 meals last year, including take-outs. We had \$945 in day-of ticket sales.

A big difference this year, as compared to the last two years, was that we didn't have any Hurricane or Snow Storm to affect the attendance, hah! We were very lucky to have a nice & sunny day this year. The Kids Expo, along with the Karate demonstrations from the YMCA and other local businesses, helped to bring in alot of new families.

Bake Sale generated \$380! Thanks to the efforts of Terry Martin and Gwen & Jim Williams, the Bake Sale generated \$380 in sales! Thanks to all the Rotarians and family members that baked something for the event and/or made a cash donation!

34 Flu Shots & 9 TDAP Shots Given! Terry Ownes reported that the Flu Shot Clinic gave out a total of 34 Flu Shots and 9 TDAP Shots. TDAP is a combination vaccine that protects against three bacterial diseases: Tetanus, Diphtheria, and Pertussis (whooping cough). Terry noted that Dr. Sean was pleased with the turnout and was hopeful the clinic could be continued next year.

Interacting with High School Students and Teachers to Promote Financial Confidence

***Bridging the Gap* between school and career. . .**

It has always been a challenge for teachers and students to relate classroom studies to future real business opportunities, problems and real personal financial situations. The Bridging the Gap simulations provide the opportunity for the interaction of businessmen and women and other professionals with high school students and teachers to help promote business and personal financial confidence.

The BPS (Business Plan Simulation) Program brings a business scenario into the classroom by utilizing local business professional volunteers' experiences. The Student Entrepreneurs' Handbook and The Coordinators' Manual explain the simulated exercise where students can "buy" a deli, but only if they are able to convince local bankers to grant them a loan. Local business people volunteer as "consultants" to guide a group of students in preparing a business plan, including a Profit and Loss Statement. The students then present the plan to the local volunteer bankers.

The PFP (Personal Financial Planning) Simulation Program simulates a typical financial problem where a young couple wants to buy a reasonably priced house. Local volunteers with financial experience consult with a group of students (acting as a family) during their preparation of a mortgage application to be presented to the local volunteer bankers. Explanation and work sheets are included in The Students' PFP Handbook and in The Coordinators' Manual.
