All tasters will be asked to vote for their favorite soup and winners will be announced at the end of the event.

For chefs, there is no entry fee. Soups must be fully prepared when brought to Commons at HCRHS. 10 gallons is requested. Each soup must be labeled with the chef's (restaurant) name and contact information. Chefs will be responsible for presentation and equipment needed to keep the soup ready to serve. Participants will be selected on a first come, first-served basis, limited to 25 professional contestants. **Entry deadline is January 29, 2010**.

The Hunterdon County Rotary Soup Cook-Off is a community awareness project of the Rotary Clubs of Hunterdon County, dedicated to helping people in our community. All cook-off proceeds will be donated to the food pantries of Hunterdon County to fight HUNGER IN HUNTERDON.

Flemington Rotary raises \$2500 for the Haiti Relief "Shelter Box" Project: President Jim previously announced that the Board voted to match member contributions up to \$1000 towards the Shelter Box project that our Rotary District 7510 is sponsoring. A single "Shelter Box" costs \$1000. Terry Ownes has reported that over the last 2-weeks, members have contributed \$1500 towards this project. Terry noted that contributions included a \$500 donation from one member, a \$200 donation from another and many of \$100 or less. A good number of members had also made personal donations to the Red Cross and other organizations to help with the Haita Relief effort. The \$1500 member collection combined with \$1000 from the club yields a total donation of \$2500. The big question is who will use half a tent, hah!

<u>About Shelter Box</u>: Shelter Box is a grassroots Rotary club project that has rapidly grown to an international level. The purpose is to provide victims of disaster with shelter. The function of Shelter Box USA, Inc. is, within the USA, to raise the money that provides the shelter for disaster victims.

The Shelter Box project was conceived and developed by Tom Henderson, a member of the Rotary Club of Helston-Lizard, Cornwall District, in Great Britain as their Millennium Service Project. Struck with the urgent world-wide need for a self-contained emergency shelter unit when disaster occurs, Tom designed a tent, researched suppliers and, through trial and error, developed the Shelter Box. The international relief agency Feed the Children, has called Tom's Shelter Box 'the best disaster relief tool they have seen in their 20 years of experience'. Working primarily through UK Rotary clubs, Tom and his Rotary club has succeeded in exposing the Shelter Box project to over 25 million Brits and, as a result, distributed provided shelter for approximately one-third of a million people in the last six years.

In March, 2002, Tom approached the newly formed Rotary Club of Lakewood Ranch (near Sarasota, FL) to become the primary Rotary administrator for the Shelter Box program in the United State, known as Shelter Box USA. This commitment involves promoting Shelter Box not only through the established US Rotary club network but to other community groups, corporate groups and individuals, as well. ShelterBox USA became a non profit 501(C)(3) organization, with a Board of Directors, in 2005.

As a result of exhibiting at the 2003 Rotary International Conference, Shelter Box USA was responsible for initiating two other national affiliates: Shelter Box Down Under (in Australia) and Shelter-Box Canada. Shelter Box Japan is the newest global partner.

Here is an image of the contents of a typical Shelter Box. <u>Click here</u> to see an enlarged view. Note the Rotary International Logo displayed on the various items.

ShelterBoxes are sometimes packed with two 10-person tents in them, (to the exclusion of some smaller items, to maximize shelter capacity. <u>Some of the selected Box items that are available for inclusion in the Box are:</u>

- One 49 gallon box (The Shelter Box) initially the container for delivery of the materials listed below. Once delivered, can be used as water tank, food store, cot, table, etc.
- One ten-person tent, including two fabric interior privacy partitions, outer fly-sheet and repair kit. These tents are considered 'winter suitable' by international relief standards.
- Vinyl insulated sleeping mats and lightweight thermal blankets. More compact than sleeping bags, these mats and blankets have multiple uses. The blanket can also be fashioned to catch water, as a tarp, etc. while the mat also serves as a ground 'table' for meals, or tent rugs.
- One pack of 180 water purification tablets or a water purification kit; and one 5 gallon flat-pack water container (Each tablet will purify a full container of water providing 1,800 gallons of clean drinking water which should be sufficient for a family of ten for up to three months).
- Two 2.1 gallon, collapsible, plastic water carriers.
- One collapsible trenching shovel
- Rope, 164 foot
- Repellant-treated mosquito netting
- Ten PVC Ponchos/ ten HD plastic bags
- Tool kit in canvas bag: hatchet, jack-knife, screwdriver, hammer, hoe head etc.
- Multi-fueled cook stove
- Eating utensils: enamel plates/cups
- Children's activity kit-simple school supplies, stickers and coloring book

Here is the image of several tents setup. Note the Rotary International Logo on the tents, etc.
