Incoming GSE Team Visit (April 16th to April 24th): Gwen Williams has shared the final itinerary (below) for the incoming GSE Team (Group Study Exchange). The Group Study Exchange (GSE) program of The Rotary Foundation of Rotary International is a unique cultural and vocational exchange opportunity for young business and professional men and women between the ages of 25 and 40 in the initial years of their professional life. The program provides travel grants for teams of participants to exchange visits between paired areas in different countries. For four to six weeks, team members study the host country's institutions and ways of life, observe their own vocations as practiced abroad, develop personal and professional relationships, and exchange ideas. Team members can come from corporations, small businesses, community organizations, medical and educational facilities, government offices, and nonprofit agencies.

On April 16th, the incoming GSE Team will flying in from **Lebanon** and **Cyprus**. After landing, they will stay overnight in a hotel and have their orientation. They will be visiting and staying in Hunterdon County from April 17th through April 24th. **They will be the presenting program at the April 20th Flemington Rotary Club Meeting.** During their visit, they will stay with fellow Rotarians and their families, tour Hunterdon County and have a 2-day trip to Washington, D.C. Effective host families will:

Welcome the team member. If possible, one or more family members should be among the welcoming delegation that meets the GSE team upon arrival in the host district. Families should introduce themselves to the team member(s) assigned to them and assure that they are looking forward to the visit.

Share their home and lifestyle. While the team member is living in local homes, the daily routine should be disrupted as little as possible. Host families are encouraged to share their culture as it exists in everyday life. This does not mean hosting elaborate parties and entertainment but allowing the guest to participate in daily family activities, religious pursuits, community involvement, etc.

Be aware of language factors. Preparation and communication are key to the success of any GSE. District governors are encouraged to appoint a team leader who is proficient in the language.

If families have difficulty communicating with their guest, they should speak very slowly and pronounce each word distinctly, separate individual words, and avoid using colloquialisms. On occasion, it may be necessary to seek help from someone fluent in the guest’s native language — the GSE team leader, a teacher, or a translator assigned by the host district’s GSE subcommittee to provide this service, or perhaps a visitor from the guest’s home country.

Provide for meals and laundry. Unless otherwise stated in the team’s itinerary, team members are usually not with their host families for lunch. Before the team member arrives, determine if he or she adheres to any dietary restrictions.

In these countries, the bikes are reconditioned by partner agencies and distributed at low cost to poor working adults. District Conference Thespian Alert: Incoming District Governor Megan Jones-Holt asked us to pass along this information, with a little literary help from Jim Robinson:

At our district conference in Mystic on Friday Night (April 29), there will be a short promotional skit to plug next year's conference. It requires no talent, charm, sophistication, acting ability, good judgment, great singing voice, good looks, or any similar qualities. Really, all you need to participate is to be there, be devoted to Rotary because you believe in Service Above Self, and to want next year's District Conference to be a great success. It helps if you are willing to forsake your dignity for a few short minutes.

If you are going to the (and you should all be) conference and are willing to join some other good natured Rotarians in a short skit, would you please let Megan know by email at: meganjh@embarqmail.com.
